19	burdens on working families and their children and grand-
20	children. It is the policy of this resolution to extend the fol-
21	lowing tax relief consistent with current policy—
22	(1) relief for the tens of millions of middle-in-
23	come households who would otherwise be subject to the
24	Alternative Minimum Tax (AMT) under current law;
25	(2) middle-class tax relief; and

1	(3) elimination of estate taxes on all but a
2	minute fraction of estates by reforming and substan-
3	tially increasing the unified tax credit.
4	In total, this resolution supports the extension of
5	\$1,700,000,000,000 in tax relief to individuals and families
6	relative to current law. This resolution supports additional,
7	deficit-neutral tax relief, including the extension of AMT
8	relief, the research and experimentation tax credit, the de-
9	duction for State and local sales taxes, the enactment of
10	a tax credit for school construction bonds, and other tax
11	relief for working families. The cost of enacting such policies
12	may be offset by reforms within the Internal Revenue Code
13	of 1986 that produce higher rates of tax compliance to close
14	the "tax gap" and reduce taxpayer burdens through tax
15	simplification. The President's budget proposes a variety of
16	other revenue offsets. Unless expressly provided, this resolu-
17	tion does not assume any of the specific revenue offset pro-
18	posals provided for in the President's budget. Decisions
19	about specific revenue offsets are made by the Ways and
20	Means Committee, which is the tax-writing committee.
21	SEC. 502. POLICY ON DEFENSE PRIORITIES.
22	It is the policy of this resolution that—
23	(1) there is no higher priority than the defense
24	of our Nation, and therefore the Administration and
25	Congress will make the necessary investments and re-

- 1 forms to strengthen our military so that it can suc-2 cessfully meet the threats of the 21st century;
 - (2) acquisition reform is needed at the Department of Defense to end excessive cost growth in the development of new weapons systems and to ensure that weapons systems are delivered on time and in adequate quantities to equip our servicemen and servicewomen;
 - (3) the Department of Defense should review defense plans to ensure that weapons developed to counter Cold War-era threats are not redundant and are applicable to 21st century threats;
 - (4) sufficient resources should be provided for the Department of Defense to aggressively address the 758 unimplemented recommendations made by the Government Accountability Office (GAO) since 2001 to improve practices at the Department of Defense, which could save billions of dollars that could be applied to priorities identified in this section;
 - (5) the Department of Defense should review the role that contractors play in its operations, including the degree to which contractors are performing inherently governmental functions, to ensure it has the most effective mix of government and contracted personnel:

- 1 (6) the Department of Defense report to Congress 2 on its assessment of Cold War-era weaponry, its 3 progress on implementing GAO recommendations, 4 and its review of contractors at the Department as 5 outlined in paragraphs (3), (4), and (5) by a date to 6 be determined by the appropriate committees;
 - (7) the GAO provide a report to the appropriate congressional committees by December 31, 2009, on the Department of Defense's progress in implementing its audit recommendations;
 - (8) ballistic missile defense technologies that are not proven to work through adequate testing and that are not operationally viable should not be deployed, and that no funding should be provided for the research or development of space-based interceptors;
 - (9) cooperative threat reduction and other nonproliferation programs (securing "loose nukes" and other materials used in weapons of mass destruction), which were highlighted as high priorities by the 9/11 Commission, need to be funded at a level that is commensurate with the evolving threat;
 - (10) readiness of our troops, particularly the National Guard and Reserves, is a high priority, and that continued emphasis is needed to ensure adequate equipment and training;

- (11) improving military health care services and
 ensuring quality health care for returning combat vet erans is a high priority;
 - (12) military pay and benefits should be enhanced to improve the quality of life for military personnel and their families;
 - (13) the Department of Defense should make every effort to investigate the national security benefits of energy independence, including those that may be associated with alternative energy sources and energy efficiency conversions;
 - (14) the Administration's budget requests should continue to comply with section 1008, Public Law 109–364, the John Warner National Defense Authorization Act for Fiscal Year 2007, and that to the extent practicable overseas military operations should no longer be funded through emergency supplemental appropriations; and
 - (15) when assessing security threats and reviewing the programs and funding needed to counter these threats, the Administration should do so in a comprehensive manner that includes all agencies involved in our national security.

1 TITLE VI—SENSE OF THE HOUSE

2	SEC. 601. SENSE OF THE HOUSE ON VETERANS' AND
3	SERVICEMEMBERS' HEALTH CARE.
4	It is the sense of the House that—
5	(1) the House supports excellent health care for
6	current and former members of the United States
7	Armed Services—they have served well and honorably
8	and have made significant sacrifices for this Nation;
9	(2) the President's budget will improve health
10	care for veterans by increasing appropriations for VA
11	by 10 percent more than the 2009 level, increasing
12	VA's appropriated resources for every year after 2010,
13	and restoring health care eligibility to additional
14	nondisabled veterans with modest incomes;
15	(3) VA is not and should not be authorized to
16	bill private insurance companies for treatment of
17	health conditions that are related to veterans' mili-
18	tary service;
19	(4) VA may find it difficult to realize the level
20	of increase in medical care collections estimated in
21	the President's budget for 2010 using existing au-
22	thorities; therefore, this resolution provides
23	\$540,000,000 more for Function 700 (Veterans Bene-
24	fits and Services) than the President's budget to safe-
25	guard the provision of health care to veterans;

1	(5) it is important to continue providing suffi-
2	cient and timely funding for veterans' and
3	servicemembers' health care; and
4	(6) this resolution provides additional funding
5	above the 2009 levels for VA to research and treat
6	mental health, post-traumatic stress disorder, and
7	traumatic brain injury.
8	SEC. 602. SENSE OF THE HOUSE ON HOMELAND SECURITY.
9	It is the sense of the House that because making the
10	country safer and more secure is such a critical priority,
11	the resolution therefore provides robust resources in the four
12	budget functions—Function 400 (Transportation), Func-
13	tion 450 (Community and Regional Development), Func-
14	tion 550 (Health), and Function 750 (Administration of
15	Justice)—that fund most nondefense homeland security ac-
16	tivities that can be used to address our key security prior-
17	ities, including—
18	(1) safeguarding the Nation's transportation sys-
19	tems, including rail, mass transit, ports, and air-
20	ports;
21	(2) continuing with efforts to identify and to
22	screen for threats bound for the United States;
23	(3) strengthening border security;
24	(4) enhancing emergency preparedness and
25	training and equipping first responders;

1	(5) helping to make critical infrastructure more
2	secure and resilient against the threat of terrorism
3	and natural disasters;
4	(6) making the Nation's cyber infrastructure re-
5	sistive to attack; and
6	(7) increasing the preparedness of the public
7	health system.
8	SEC. 603. SENSE OF THE HOUSE ON PROMOTING AMERICAN
9	INNOVATION AND ECONOMIC COMPETITIVE-
10	NESS.
11	It is the sense of the House that—
12	(1) the House should provide sufficient invest-
13	ments to enable our Nation to continue to be the
14	world leader in education, innovation, and economic
15	growth as envisioned in the goals of the America
16	$COMPETES\ Act;$
17	(2) this resolution builds on significant funding
18	provided in the American Recovery and Reinvestment
19	Act for scientific research and education in Function
20	250 (General Science, Space and Technology), Func-
21	tion 270 (Energy), Function 300 (Natural Resources
22	and Environment), Function 500 (Education, Train-
23	ing, Employment, and Social Services), and Function
24	550 (Health);

- 1 (3) the House also should pursue policies de-2 signed to ensure that American students, teachers, 3 businesses, and workers are prepared to continue 4 leading the world in innovation, research, and tech-5 nology well into the future; and
- 6 (4) this resolution recognizes the importance of 7 the extension of investments and tax policies that pro-8 mote research and development and encourage inno-9 vation and future technologies that will ensure Amer-10 ican economic competitiveness.

11 SEC. 604. SENSE OF THE HOUSE REGARDING PAY PARITY.

- 12 It is the sense of the House that rates of compensation
- 13 for civilian employees of the United States should be ad-
- 14 justed at the same time, and in the same proportion, as
- 15 are rates of compensation for members of the uniformed
- 16 services.
- 17 SEC. 605. SENSE OF THE HOUSE ON COLLEGE AFFORD-
- 18 ABILITY.
- 19 It is the sense of the House that nothing in this resolu-
- 20 tion should be construed to reduce any assistance that
- 21 makes college more affordable and accessible for students,
- 22 including but not limited to student aid programs and serv-
- 23 ices provided by nonprofit State agencies.

1	SEC. 606. SENSE OF THE HOUSE ON GREAT LAKES RES
2	TORATION.
3	It is the sense of the House that this resolution recog-
4	nizes the importance of funding for an interagency initia-
5	tive to address regional environmental issues that affect the
6	Great Lakes, and that coordinated planning and implemen-
7	tation among the Federal, State, and local government and
8	nongovernmental stakeholders is essential to more effectively
9	addressing the most significant problems within the Great
10	Lakes basin.
11	SEC. 607. SENSE OF THE HOUSE REGARDING THE IMPOR-
12	TANCE OF CHILD SUPPORT ENFORCEMENT.
13	It is the sense of the House that—
14	(1) additional legislative action is needed to en-
15	sure that States have the necessary resources to collect
16	all child support that is owed to families and to allow
17	them to pass 100 percent of support on to families
18	without financial penalty; and
19	(2) when 100 percent of child support payments
20	are passed to the child, rather than administrative ex-
